Dear potential S.W.A.T member,

Let's start from the beginning, and I will tell you why I chose the name S.W.A.T. Think about the police department, when things are out of control, they call on the SWAT team to handle difficult situations, and place them in the heart of the battle. The S.W.A.T members are trained and equipped to defend in situations where the odds are against them. This is also true in our Christian walks. Many times we are called to stand for Christ when it is not easy and the odds are stacked against us, and the reason we struggle is many of us are not equipped or trained on how to deal with these situations. But God is calling us to not just survive situations like this but to be bold and strong in our walk with Christ.

The following pages include expectations and things that you will learn during your commitment to S.W.A.T. This team is designed to develop in you what it means to be a disciple of Christ, grow in your ability to witness to your friends and family, actively embed God's word in your heart, and team with your brothers and sisters in Christ to strengthen your faith. You will also gain leadership skills, see how God has gifted you (spiritual gifts assessments), and have the ability to give your testimony. These are the foundational ideas we all need in our walk with Christ, and while we are developing these disciplines it will be tough but well worth the effort.

The expectations are high, for those who want to join. This ministry is designed to strengthen your faith beyond what you may think is possible. But if you desire to be strong of heart, have a Christ like servant attitude, and are ready to have your faith tested, then I would strongly encourage you to apply. The application process will close on October 1, 2019 and needs to be turned into me or my box in the church office.

Thanks,
Pastor Matt
